

USE OF INTERNET IN RESEARCH

Tariq Saleem Ghayyur
Lecturer
Department of Education
Sargodha University

Internet

- A global computer network providing a variety of information and communication facilities, consisting of interconnected networks using standardized communication protocols.

Internet

Major Two Benefits of Internet

- Communication
- Information

Functions of Internet

- (i) Storehouse of information
- (ii) Communication without boundaries
- (iii) Online Interactive Learning
- (iv) Electronic/Online Research
- (v) Innovation in the new world
- (vi) Improve interest in learning,
- (vii) Global Education
- (viii) Information Catalogues

Usage of Internet

1. To use search engines like Google , Yahoo etc.
2. To use e-dictionary
3. To establish a connection with my friends on the Internet via Whatsapp, Yahoo Messenger, Facebook etc. to talk about subjects and homework
4. To learn recent (up-to-date) information and the latest developments (innovations) from the Internet
5. To find the source of information on the Internet
6. To share any kind of data with my friends on the Internet

1. To learn about general culture affairs
2. To download pictures or photos from the Internet for homework or projects
3. To download or watch videos related to lessons
4. To do research on the Internet for my homework and projects
5. To read notes and other writings related to lessons from different web sites
6. To translate documents that are written in a foreign language (e.g. English)
7. To do in-depth research on the topics that were explained and took my attention in classes
8. To follow up recent news and events (occasions, incidents) about education from the Internet
9. To reach resources that are related to foreign languages

Insufficient Information on Internet

- To get information about laws and regulations from official websites
- To participate in classes and exam applications by e-learning portals on the Internet
- To find and download e-books
- To find interactive programme samples from the Internet
- To follow educational journals on the Internet
- To enter library websites on the Internet

- To use database programmes on the Internet
- To examine Internet sites that are designed for English learning purposes
- To benefit from the forums related to education
- To search for educational games on the Internet
- To get information about the topics I have learned in class
- To examine the articles or other publications available on the Internet
- To examine software programs that are developed for English learning purposes and other courses also

What you want

- Today's students, future scholars and knowledge workers, are required to have the ability to reach the correct information and they need to be able to get the necessary and accurate information amongst unlimited bits of information.

<https://www.slideshare.net/>

The image shows the top portion of the SlideShare website. At the top left is the LinkedIn logo followed by the text "SlideShare". To the right is a search bar with the word "Search" and a magnifying glass icon. Further right is an orange "Upload" button, and at the far right are links for "Login" and "Signup". Below this is a navigation bar with "Home" and "Explore" on the left, and "Presentation Courses", "PowerPoint Courses", and "by LinkedIn Learning" on the right. The main content area has a dark blue background with the text "Discover. Share. Learn." in large white font. Below this is the tagline "Share what you know and love through presentations, infographics, documents and more" in a smaller white font. At the bottom of this section is the text "Today's Top SlideShares".

DOAJ (Directory of Open Access Journals)

DOAJ is a community-curated online directory that indexes and provides access to high quality, open access, peer-reviewed journals. DOAJ is independent. All funding is via donations, 40% of which comes from [sponsors](#) and 60% from [members](#) and [publisher members](#). All DOAJ services are free of charge including being indexed in DOAJ. All data is freely available.

DOAJ operates an education and outreach program across the globe, focussing on improving the quality of applications submitted.
