Experiment No. 12

File and Printer Sharing

LEARNING OBJECTIVE:

Upon completion of this lab, you will be able to:

- You are able to share a file/folder or attached printer on Microsoft Windows
- File sharing allows you to make files and folders in a shared folder accessible to others on the network to view, copy, or modify.

Task 1: What is file sharing and how to enable file sharing in Microsoft Windows7/10?

Task 2: What is the purpose of printer sharing and How to enable printer sharing in Microsoft Windows7/10?

Hint: Elaborate in steps with the help of screen shots

Deadline: April 28, 2020 02:00pm on junaidkhalid191@gmail.com
