

# CRITICAL DISCOURSE ANALYSIS

**SAGE Benchmarks in Language and Linguistics** presents four-volume collections that bring together the most authoritative and influential research in language and linguistics. Traversing the full breadth of traditional scholarly and applied perspectives, the series is edited by world-leading experts in their fields. Each set starts with a contextualizing introduction from the editor and systematically presents classic and contemporary articles that map out the history, debates, theory and methods core to the field. This series presents the 'gold standard' for university libraries throughout the world who are seeking to solidify their linguistics reference collections.

**Ruth Wodak** is Distinguished Professor of Discourse Studies at Lancaster University since 2004 and has remained affiliated to the University of Vienna where she became full Professor of Applied Linguistics in 1991. In addition to various other prizes, she was awarded the Wittgenstein Prize for Elite Researchers in 1996. She is past-President of the Societas Linguistica Europaea and Member of the Academia Europaea since 2010. In 2010, she was also awarded an Honorary Doctorate by University Örebro, Sweden where she was visiting as Kerstin Hesselgren Chair of the Swedish Parliament in 2008. Her research interests focus on discourse studies; gender studies; language and/in politics; prejudice and discrimination; and on ethnographic methods of linguistic field work. She is a member of the editorial board of a range of linguistic journals and co-editor of the journals *Discourse and Society*, *Critical Discourse Studies*, and *Language and Politics*, and co-editor of the book series *Discourse Approaches to Politics, Society and Culture* (DAPSAC). Among her recent book publications are *The Politics of Exclusion* (with M. Krzyżanowski, Transaction Publishers, 2009) and *The Discourse of Politics in Action: 'Politics as Usual'* (Palgrave Macmillan, 2011, second revised edition); in 2010, she edited *The SAGE Handbook of Sociolinguistics* (with P.
