

# SHRUBS

- Shrub is perennial plant having permanent habit and usually multistemmed. Vary in sizes, i.e. tall, medium and small but mainly using as flowering and foliage plant material in the landscape.
- It may vary from other plants in texture, form and color.
- A shrub used as a specimen plant should be a perfect example of that plant's special characteristics.
- It is usually planted alone, (shrubbery) possibly against a fence or in an easily viewed spot. It can be incorporated in to a border and in mix planting with trees, especially with pyramidal

Name	Shape	Type	Propogation	Height	Season	F.Color	Hardinses	L.Uses
<b><i>Adenium obesum</i></b>  <b>Desert Rose</b>	Spreading	D	by cuttings	2 m	Spring	Pinkish carmine	***	Tropical arid zone flowering shrub
<b><i>Atriplex halimus</i></b>  <b>Salt bush</b>	Round	E	By Cuttings	4-6 m	Spring	Foliage green	***	Subtropical salty shrub recommended for saline area
<b><i>Barleria rosea</i></b> <b>Phillippine violetet</b>	Round	E	By Cuttings	2 m	Spring	White flower	**	Tropical flowering shrub

*Adenium obesum*  
**Desert Rose**

*Atriplex halimus*

**Salt bush**

*Barleria rosea*  
**Phillippine violtet**

<b><i>Bombosa nana</i></b> Dwarf bamboo	Upright	E	By sucker and cuttings	3 m	Stem branch	Verigated	**	Tropical & subtropical for lawns
<b><i>Buddlea hybrida</i></b> Buddlea	Round	SD	By cuttings	4 m	Autumn	Lilac orange	**	Subtropical For lawns & link roads
<b><i>Cassia glauca</i></b> Cassia	Arching	E	By seed	4-6 m	Autumn spring	Yellow	** *	Tropical and subtropical
<b><i>Cestrum nocturnum</i></b> Queen of the night	Upright spreading	E	By cuttings	2-3 m	Summer	Pale yellow	** *	Tropical and subtropical

*Bambusa nana*

Dwarf fern leaf bamboo

*Buddleia hybrida*  
Summer Lily orange

***Cassia glauca***  
**Cassia**

***Cestrum nocturnum***

**Queen of the night**

<b>Cestrum diarnum</b> King of the day	Round	E	By cutting & seed	3-4	Spring autumn	Pale yellow	** *	Subtropical dense green bush having smell in day
<b><i>Dodonea viscosa</i></b> Sanatha	Compact	E	By seed	3-4	Spring	White foliage (beauty)	** *	Subtropical arid zone shrub
<b><i>Gardenia florida</i></b> Cape jasmine	Round	E	By cutting & seed	2	Spring	White	*	Tropical shrub having fragrant flowers
<b><i>Hamelia patens</i></b> Fire bush	Round	E	By cutting & seed	3-5	Throughout the year	Orange	**	Subtropical beautiful shrub

**Cestrum diurnum**  
King of the day

***Dodonea viscosa***

**Hop seed bush, Sanatha**

***Gardenia jasminoides***

**Cape Jasmine**

*Hamelia patens*

Fire bush

<b><i>Jasminum grandiflorum</i></b>  Chambaili	Weeping	E	By Cuttings	3-4	Summer	White	***	Subtropical creeping shrub
<b><i>Lagerstromia indica</i></b>  Alba	Upring spreading	D	By Cuttings	3-4	Summer autumn	White pink	**	Subtropical flower shrub
<b><i>Lagerstromia Purpurea</i></b> Gul-e-Fanoos	Spreading branches	D	By Cuttings	4-6	Summer	Purple	**	Subtropical flower aheub
<b><i>Lantana camara</i></b>  Lantana	Round	SD	By Cuttings , layering sucker	2-3	Summer	Yellow, white, orange	**	Subtropical flowering shrub

*Jasminum grandiflorum*  
Chambaili

***Lagerstromia indica***  
Alba

*Lagerstromia purpuria*

Gul-e-Fanoos

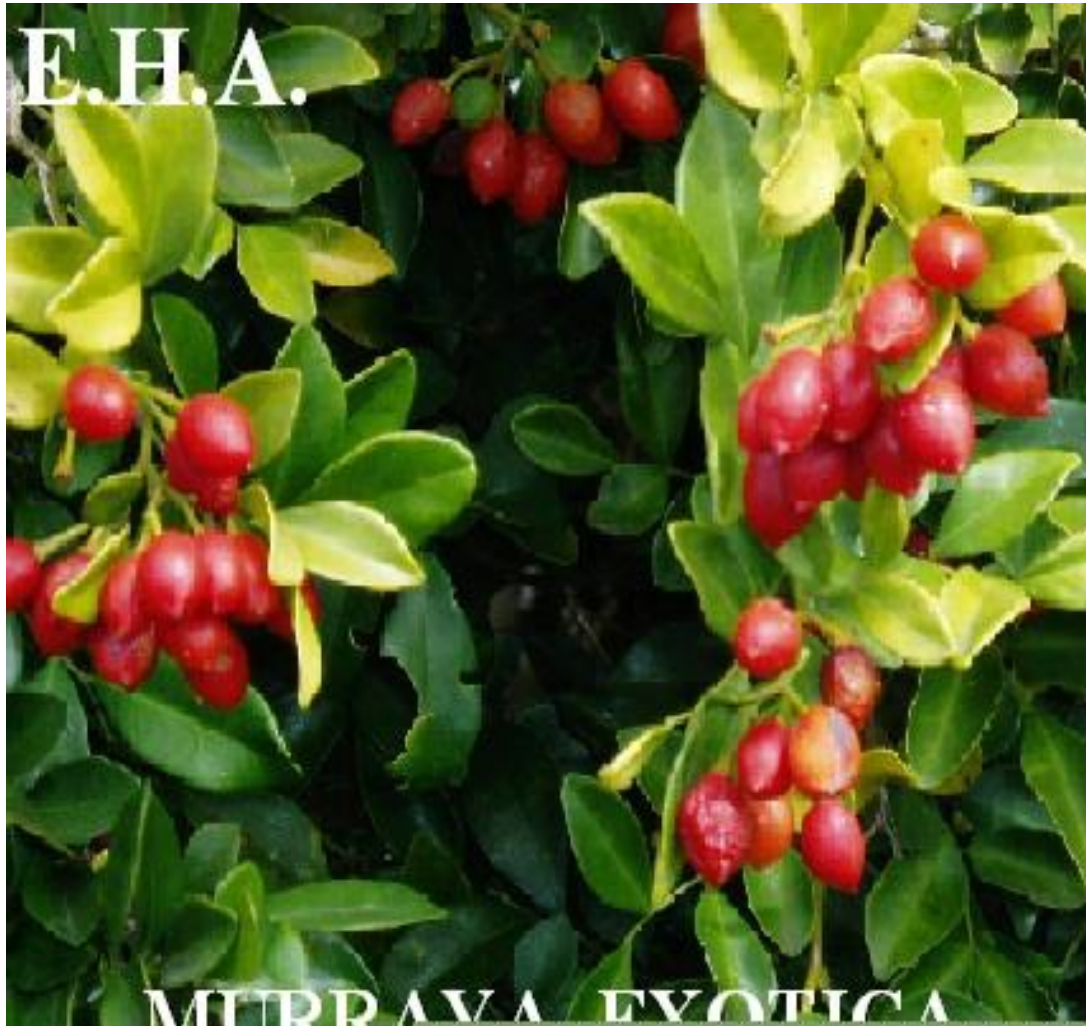

*Lantana camara*

Lantana, shrub verbena

<b><i>Lawsonia alba</i></b> Henna	Round	E	By cutting & seed	4-6	Late spring	Foliage beauty	**	Foliage shrub, accent plant for lawn
<b><i>Murraya exotica</i></b> Murwa	Columnar	E	By cutting & seed	6-8	Spring autumn	White fragrant	**	Tropical foliage and flowering shrub
<b><i>Nerium odorum</i></b> Kaner	Upright loose	E	By cutting & seed	3-4	Spring autumn	Pink red white	***	Subtropical flowering shrub
<b><i>Nyctanthus arbotestrus</i></b> Harsinghar	Arching	SD	By seed	6-8	Spring	Off white	*	Subtropical fragrant shrub

*Murraya exotica*

Murwa

***Nerium odorum***

**Oleander/Kaner**

<b><i>Plumeria obtuse</i></b> Frangipani	Round	E	By cuttings	6-8	Throughout the year	White waxy	***	Tropical flowering fragrant shrubs
<b><i>Prunus persica</i></b> Ornamental peach	Round	D	By T-budding, cutting, seed	4-5	Spring	Pink white scarlet	**	Warm temperate flowering shrubs
