### **Reason Behind Increase In Population In Big Cities Of Pakistan**

Purpose at the back of boom in population of biggest towns of Pakistan is centers. because of these facilities or opportunity people migrate from small cities or cities in the direction of huge or big towns

- **Education:**

The majority migrates from small city to huge towns for the sake of training. in small towns or city there aren't exact centers of education, often after final touch of matric or intermediate time period human beings migrate to massive cities for higher research in schools or in university. even for higher schooling people migrates from one united states to another, like united kingdom, America, Australia and Canada.

These days higher schooling is very crucial and useful, and those literacy charge is decreasing daily simply because of humans are displaying greater hobby in training.

even education is the major reason of migration and in boom of populace in biggest cities of Pakistan.

- **Health:**

Most of the people migrate from form their home cities to huge towns for better treatment and treatment. in small cities there are not top centers of health like hospitals, doctors, surgical instrument and and so forth so due to this people shifted to massive towns for better treatment

big cities like in Pakistan Lahore ,Islamabad and Karachi, in these towns the remedy are so exact and hospitals are so even managed

- **Jobs:**

As Pakistan is under develop country and poverty fee is excessive in Pakistan, in small cities there aren't any circumstances of big agencies or every other suitable jobs for better studies college

students so, in this situation they migrate closer to the large cities for process opportunities and even the earnings is nice with respect to the studies. in small town humans of higher research are doing small jobs and getting very much less charge.so it's miles better to shifted to massive or biggest cities of Pakistan.

- **Entertainment:**

As biggest cities of Pakistan has proper centers equal as they have got more fun and entertainment. Even amusement includes like cinemas even for the folks who are interested by performing they move closer to the huge towns to participate in films and fulfilled their dreams

In big towns entrainment like cinemas, parks, suggests, joy lands are available , few human beings are very found of entertainment so that they migrated from small town to large towns for just the sake of leisure and it is also a large reason of increase in population of big cities.

- **Shopping:**

So in huge cities we can find something we want to buy, there are big department shops , from which we should purchase whatever and they're effortlessly available in them and additionally reached able for us,

in large towns good designers are there, indoors designers, furniture's, any electric device can effortlessly be to be had for us

- **Food:**

In massive towns like we also can say that massive cities is continually the city of lights ,in huge towns there are accurate restaurant and fast ingredients stores . few humans are very found of eating and in small towns there are right eating place or any suitable food factor so that they just go to big cities for true food facilities

- **Social Occasions:**

In big towns there are also some big occasions occur like speeches, art opposition expo-centers, charity, countrywide assembly and they attract people loads so they migrated from small towns to huge cities .this is also a motive in growth in populace of large towns

- **Sports:**

In big towns recreation is given attention for the fattiness of people and some human beings have simply hobby in game .so in massive cities of Pakistan sports activities activates are organized that's why people migrate in the direction of large cities . in big cities there are more facilities for sports activities.in Pakistan the general public like these sports activities cricket ,hockey ,badminton and football etc . humans also migrate to big cities because there are stadiums where sports activities matches are played . game is likewise correct for health . that is also a purpose of increase of population in larger cities of Pakistan .
