#1 Project Title:

Islamic Education To Children And Providing First Aid Box In Corona condition.

#1 Introduction:

COVID-19 was first time experienced in the Wuhan city of China which spread rapidly in China ,then other countries .Pakistan is also facing this harmful virus.Even with less resources.Different parts of country are seeing different levels of COVID-19 activity.Due to lock down in Pakistan all the nation have been locked into their houses.

#2 Present Situation:

As present situation of world due to corona virus is much alarming.This virus has killed many precious lives and do not seem to stopping.Due to this harmful virus,even in the Holly Month Ramadan,children can not go to mosque due to lockdown.Different steps are taken to handle this problem as designed special hospitals,laboratories for testing.As due to lockdown people are locked into their houses.Even they can not go out to hospital to handle minor health problem.Because in this situation it would be risky for people to go out,especially for children.

#3 Justification of the project:

3.1 Importance Of The Project

My main project is about giving Islamic education and providing first aid box to people.

- *This project remain very helpful for people.
- *Due to our this little bit effort children would get Islamic education.
- *They get mental satisfaction.
- *As I will provide first aid box to people ,with this effort they can cure themselves at home.
- *This project is an initial step to engage community

3.2 Practical Implication:

My project is about corona protection and tell them how to do their activities by protecting themselves. I will do my project by teaching children with the help of my sisters, cousin and group fellows. By providing first aid box at home people gathering at medical stores will decrease. This will be quite helpful for children as well as old people.

#4 Objective Of Project:

Main objective of our project is to do something good for our society as a student, to help them with our skills. To make them realize that we are with them in this difficult situation.

#5 Plan Of Action:

This activity will be done by distributing first aid box to people and giving Islamic education to children by ensuring social distance. We will mark places to ensure social distancing.

5.1 Needed Resources:

We will spend my pocket money for this project and also invite other people to donate fund in this regard. My group fellows also collect money for this project. I will also request to my family members and social friends to give Islamic education to orphan, needy children.

5.2 Each Person's Role in The Project:

Each and every person plays equal role in this project. Each person will donate thousand rupees for this project and each person use his/her personal skill for this project.

5.3 Proposed Duration Of The Project:

This project would be completed within two weeks(InshaAllah)

#6 How will you evaluate this project for possible outcomes:

This project remains very successful. Our small effort will help many people. We also encourage the many people to help needy and poor. Through my project many people gain all type of satisfaction.

May Allah give us success. This work soothes the soul and also a source of salvation into hereafter.

Thank You
