*Work done and doing*

- *First of all, in the project we say that we can organize the academy which is basic need so we can do this and arrange an academy.*
- *Second, we meet the parents and guardians of the children for the purpose of education. And they will be easily agreed with us.*
- *Third, in the project we say that we can bought some stationary for children and distributed it to the child. So, we can do this and distributed some books and register. Proof is attached here*

- *Fourth, we organize the plenty environment and this regard we can arrange the academic time in the evening at the time such as 4pm to 7pm o'clock.*

- *Fifth, awareness about covid-19 so we can aware the child as well as many people. For child we told him that the covid-19 is very harmful various and how they keep himself from this various. In this regard we arranged them in lines and using colleen's and provide them to mask (to put on mouth) for save yourself*
- *Sixth, we provided basic education such as how spend time in these days we told that they are not play with anyone in these days and alone live to end of covid-19 also we tell him that if you cannot continue their education then they become idle and idle men are no more Live's*

*Some other photos which we capture for proof is attached below,*
